

## Wheaton Newcomers Newsletter - October 2019

### FROM THE PRESIDENT

Confession time: I was painfully shy as a kid and sometimes that still bleeds over into adulthood. I am an introvert by nature; a natural homebody who could easily spend days curled up at home in my pajamas. Now, there's nothing wrong with a little alone time, but personally I also crave friendship and a social outlet. One thing I love about this club is that it provides the perfect opportunity to get out of the house and DO SOMETHING! That's why I really try to go to at least one Newcomers' event each month; even if don't feel like "going out" – I find that once I do, I never regret it and always end up having fun. Chances are, you joined this club because you too wanted a way to socialize, meet new people or try new things. This month, we have tons of options for interesting and fun events to attend. I challenge you to attend at least one October event. Sometimes we just have to push ourselves to get out and have a good time!

All the best,

Shannon
